

BASCULE FARM LLC

WILLIAM FAERBER CLINIC: AUGUST 29TH & 30TH

One-on-One Riding as well as Auditing Spots Available

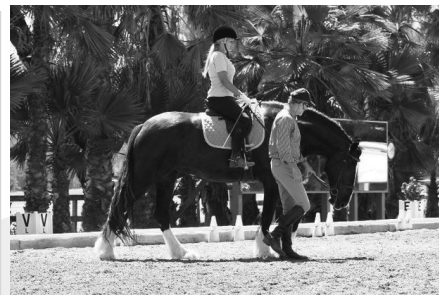

Will (Founder of Art2Ride) is a Master Horseman who studied extensively in Portugal with Nuno Oliveira whom he considers to be his greatest influence. He has competed in Eventing, Jumping and Dressage as well as coaching his students to regional and state championships including Horse of the Year awards.

Will has been training professionally for over 40 years and was awarded his Silver Medal on a horse that was scheduled to be euthanized, it was so dangerous and unmanageable. A testament to a style of training that considers each horse an individual with different needs.

"We are guiding the horse's journey of self discovery, rather than trying to force it to adhere to our idea of reality through fear and intimidation. Only working in this way can we create a willing participant and partner in what ever our endeavor is with the horse."

-William Faerber
