

"I simply love Back on Track products! I believe that keeping good circulation in the body of athletes is key to good performance as well as preventing injury. Back on Track's ceramic technology does exactly this, I use their products on all my horses!"

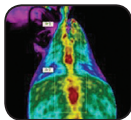

**Lisa Wilcox**, Olympic rider, bronze team medal, Athens 2004

## Back on Track's Mesh Sheet helps your horse feel loose, supple and comfortable!

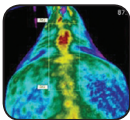

**Welltex**

Back on Track products can be used to warm muscles before exercise, thereby reducing the risk of strains or injury. Most importantly, they can also help expedite recovery from established injuries.
